

Vedanta adjusted PAT grows 13% to ₹5,000 cr

Vedanta Ltd on Thursday posted a 13 per cent rise in consolidated “adjusted profit after tax” (PAT) to ₹5,000 crore in the first quarter of 2025-26 (Q1FY26), driven by higher revenues. The metals and mining company had recorded an adjusted PAT of ₹4,433 crore in the April-June period of preceding 2024-25 financial year. In a statement, Vedanta said its “adjusted PAT jumps 13 per cent year-on-year (Y-o-Y) to ₹5,000 crore, while PAT stands at ₹4,457 crore”. The adjusted PAT accounts for the write-off for Cairn’s exploration cost in open acreage licensing policy (OALP) blocks.

In the first quarter, the firm’s revenues increased to ₹37,434 crore from ₹35,239 crore in the same period a year ago. Expenses were at ₹32,756 crore as against ₹30,772 crore in the year ago period. Anil Agarwal, chairman, Vedanta said, “Our 1Q performance has set a strong foundation for the year ahead. Amidst global market volatility, we delivered the highest-ever first quarter Ebitda.”
