Commenting on Q3FY26 results, Mr. Arun Misra, Executive Director, Vedanta, said, “Q3 FY26 has been a landmark quarter for Vedanta, delivering our highest-ever EBITDA of ₹15,171 crore, with two of our businesses achieving their best-ever financial results. Aluminium posted its strongest EBITDA margin of \$1,268 per ton, supported by record alumina and aluminium production. Zinc India recorded its highest-ever quarterly EBITDA of ₹6,064 crore, driven by record mined and refined metal output, with silver contributing 44% of overall profit. Zinc International also reported a 28% YoY increase in production, led by Gamsberg achieving its highest-ever recovery. Our Oil & Gas business reached a major milestone with India's first subsea template installation, while our Thermal Power Business delivered 188% YoY EBITDA growth with a 62% increase in sales volumes. Steel and Ferrochrome Business also achieved record production of steel billets at 285 kt, and ferrochrome output up 32% YoY. Alongside the landmark approval for the demerger into five pure-play entities, these results demonstrate our strong operational momentum and readiness to unlock long-term value as we advance Vedanta's 2.0 journey”.

Mr. Ajay Goel, Chief Financial Officer, Vedanta, said “This has been a remarkable quarter for Vedanta. We delivered our highest-ever quarterly PAT of ₹7,807 crore, marking a strong 60% YoY growth. Our Q3 revenue stood at a record ₹45,899 crore, up 19% YoY, while EBITDA reached an all-time high of ₹15,171 crore, growing 34% YoY. EBITDA margins expanded sharply by 629 bps YoY to 41%. Our balance sheet continues to strengthen, with Net Debt to EBITDA improving to 1.23x from 1.40x YoY. The reaffirmation of our AA credit rating by CRISIL and ICRA following the NCLT demerger order, along with upgrades in VRL credit rating outlook from Stable to Positive by S&P, Moody's & Fitch Ratings, underscore the market confidence in Vedanta's growth trajectory. We are now entering an exciting phase of growth and value unlocking, creating long-term value for all our stakeholders.”

3QFY26 ESG Highlights

- **ESG Leadership:** Vedanta Aluminium secured second rank in the S&P Corporate Sustainability Assessment for the third consecutive year. Cairn Oil & Gas, in its very first participation, placed among the top five companies globally in the Oil and Gas Upstream and Integrated sector, emerging as the highest scorer in India. In the Carbon Disclosure Project (CDP) Ratings, Vedanta maintained a strong Climate score of 'B', while our Water rating improved from 'B' to 'A minus'.
- **Environmental:** Vedanta advanced its sustainability agenda in Q3 FY26 with renewable energy use rising 44% QoQ, Greenhouse Gases (GHG) intensity down 6.3%, and water recycling up to 69 million m³. Key initiatives include deployment of electric forklifts, energy efficiency projects, renewable energy sourcing, and air quality improvements. We drove lower emissions and strengthened progress toward net water positivity by 2030.
- **Social Front:** Vedanta invested ₹267.9 crore in CSR initiatives that positively impacted 5.5 million lives across the world. Through programs like Shiksha Sambal, we have empowered over 13,000 students; half of them young women. Today, nearly 1000 self-help groups are active across India, driving micro enterprise growth of over 50 percent quarter on quarter.

Disclaimer

This press release contains “forward looking statements” – that is, statements related to future, not past, events. In this context, forward looking statements often address our expected future business and financial performance, and often contain words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “should” or “will.” Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal

prices; from future integration of acquired businesses; and from numerous other matters of national, regional, and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.

- Saleable production increased by 19% QoQ, achieving **the highest ever quarterly billet production** of 285 KT, driven by enhanced operational efficiency and reduced maintenance downtime compared to 2QFY26.

FACOR

Ferro Chrome production (kt)

- Ferro Chrome production is at 24kt, reflecting a **32% YoY & 26% QoQ increase** primarily driven due to improved mining production (also Q2'26 performance was impacted due to a one-month planned shutdown of one furnace)

Cautionary Statement and Disclaimer

The views expressed here may contain information derived from publicly available sources that have not been independently verified.

No representation or warranty is made as to the accuracy, completeness, reasonableness or reliability of this information. Any forward-looking information in this presentation including, without limitation, any tables, charts and/or graphs, has been prepared on the basis of a number of assumptions which may prove to be incorrect. This presentation should not be relied upon as a recommendation or forecast by Vedanta Resources Limited and Vedanta Limited and any of their subsidiaries. Past performance of Vedanta Resources Limited and Vedanta Limited and any of their subsidiaries cannot be relied upon as a guide to future performance.

This presentation contains 'forward-looking statements' – that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as 'expects,' 'anticipates,' 'intends,' 'plans,' 'believes,' 'seeks,' or 'will.' Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of an environmental, climatic, natural, political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements. We caution you that reliance on any forward-looking statement involves risk and uncertainties, and that, although we believe that the assumption on which our forward-looking statements are based are reasonable, any of those assumptions could prove to be inaccurate and, as a result, the forward-looking statement based on those assumptions could be materially incorrect.

This presentation is not intended, and does not, constitute or form part of any offer, invitation or the solicitation of an offer to purchase, otherwise acquire, subscribe for, sell or otherwise dispose of, any securities in Vedanta Resources Limited and Vedanta Limited and any of their subsidiaries or undertakings or any other invitation or inducement to engage in investment activities, nor shall this presentation (or any part of it) nor the fact of its distribution form the basis of, or be relied on in connection with, any contract or investment decision.
