Vedanta group firm Hindustan Zinc Ltd (HZL) on Friday reported over two-fold jump in consolidated net profit to Rs 5,469 crore for the quarter ended June 30, 2026 on the back of higher metal prices, and increased metal production.

The company had posted a net profit of Rs 2,234 crore in the corresponding quarter of the previous fiscal.

"During the quarter, net profit stood at Rs 5,469 crore, up 145 per cent Y-o-Y," HZL said in a regulatory filing.

The revenue of HZL rose by 71.6 per cent to Rs 13,033 crore during the first quarter over Rs 7,591 crore in the year-ago period.

The revenue from operations rose "driven by higher metal prices, increased metal production, lead concentrate sale, higher by-product realisation, and a stronger dollar," HZL said.
