The company said its focus remains on growth and unlocking full value for shareholders as it proceeds with its planned demerger into five separate businesses.

“The Company remains focused on growth and full value unlock – anchored in its landmark demerger into five focused world-class companies, an ambitious growth capex pipeline, a strong deleveraging track record and consistent shareholder returns – as it continues its journey to build ‘five Vedantas’ and transform for good,” the spokesperson added.

The clarification comes as Vedanta continues to advance its demerger plan, which is aimed at creating five focused businesses. The company has also
