Exhibit 99.1**27 December 2017**

Vedanta Limited
Acquisition of debt and controlling equity stake in AvanStrate by a
wholly owned subsidiary of Vedanta Limited

The Board of Directors of Vedanta Limited's (Vedanta) wholly owned subsidiary, Cairn India holdings Limited (CIHL), have approved an investment of c.US\$158 million (the Acquisition) in Japanese manufacturer for LCD glass substrate, AvanStrate Inc. (ASI), currently majority owned by the Carlyle Group.

The transaction consists of three elements:

- an acquisition of c.US\$151 million in existing ASI debt with face value of c.US\$299 million from banks;
- an acquisition of just over 51% of the equity stake of ASI for a nominal consideration from the Carlyle Group; and
- extension of a c.US\$7million loan to ASI.

Through a combination of these elements, this transaction provides both strategic control and attractive returns to CIHL. Completion of the Acquisition is conditional on consents being obtained from ASI's existing lenders and is expected to occur prior to 31 December 2017.

ASI is a leading global manufacturer of glass substrates for small and medium sized high resolution thin film transistor liquid crystal display (TFT LCD) panels, which are used in screens for devices including smartphones, satellite navigation systems in vehicles, cameras, flat screen televisions, tablets and laptop personal computers. Glass substrate is made of silicon and metallic oxides, including aluminium oxides.

Further to Vedanta's focus on providing basic materials for the development of India and other emerging markets, this transaction provides optionality to the growing market of materials for technology applications. ASI is particularly focused on supplying glass substrate to small and medium sized TFT LCD panels, used in many mobile devices, and India has significant market potential for such devices.

ASI was founded in Japan, where its corporate headquarters and research and development function are also based. ASI also has operations in Korea and Taiwan. Hideki Horiuchi is the CEO of ASI. The company employs around 710 people and in the financial year ended 31 March 2017 the company had revenues of c.US\$169million, EBITDA of c.US\$75million and gross assets of c.US\$625million. The consolidated net profit of ASI for the financial year ended 31 March 2017 was c.US\$1.4 million, which on a proportionate basis, for the c.51% equity stake being acquired, would imply an attributable net profit of c.US\$0.7 million.

NOMURA has acted as the financial advisor to CIHL on this transaction.

Disclaimer

This press release contains "forward-looking statements" – that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and/or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
