- a) VEDL has interests in multiple businesses including metals, mining, and exploration of natural resources (zinc-lead-silver, iron ore, steel, copper, aluminium, nickel, and oil and gas) and power generation.
 - b) Each of the varied businesses carried on by VEDL by itself or through strategic investments in subsidiaries or through affiliate companies (including the Aluminium Undertaking, the Merchant Power Undertaking, the Oil and Gas Undertaking, the Base Metals Undertaking and the Iron Ore Undertaking) have significant potential for growth and profitability.
 - c) The nature of risk and competition involved in each of these businesses, financial profiles and return ratios are distinct from others and consequently each of the abovementioned business undertakings is capable of attracting a different set of investors, lenders, strategic partners, and other stakeholders. The manner of handling and management of each of the abovementioned businesses is also distinct.
 - d) In order to lend enhanced focus to the operation of identified businesses, VEDL proposes to segregate and organize these businesses as separate entities, through demergers of each of the Aluminium Undertaking, the Merchant Power Undertaking, the Oil and Gas Undertaking, the Base Metals Undertaking and the Iron Ore Undertaking.
 - e) The following benefits shall accrue on demergers of the Aluminium Business (*as defined in the Scheme*), the Merchant Power Business (*as defined in the Scheme*), the Oil and Gas Business (*as defined in the Scheme*), the Base Metals Business (*as defined in the Scheme*) and the Iron Ore Business (*as defined in the Scheme*):
 - i. creation of independent global scale companies focusing exclusively on mining, production and/or supply of aluminium, iron-ore, copper, oil & gas and on generation and distribution of power and exploring new opportunities and taking advantage of the growth potential in the said respective sectors;
 - ii. enabling greater focus of management in the relevant businesses thereby allowing new opportunities to be explored for each business efficiently and allowing a focused strategy in operations;
 - iii. each of the independent companies can attract different sets of investors, strategic partners, lenders, and other stakeholders enabling independent collaboration and expansion in these specific companies without committing the existing organization in its entirety;
 - iv. enabling investors to separately hold investments in businesses with different investment characteristics thereby enabling them to select investments which best suit their investment strategies and risk profiles;
 - v. enabling focused and sharper capital market access (debt and equity) and thereby unlocking value of the Aluminium Undertaking, the Merchant Power Undertaking, the Oil and Gas Undertaking, the Base Metals Undertaking and the Iron Ore Undertaking and creating enhanced value for shareholders.

The Scheme is in the interests of all stakeholders of VEDL, Resulting Company 1, Resulting Company 2, Resulting Company 3, Resulting Company 4, and Resulting Company 5.

4. Scheme not detrimental to the shareholders of the Company

The ID Committee discussed and deliberated upon the rationale and salient features of the Scheme, including as below:

- (i) Each Resulting Company will allot 1 (One) fully paid-up equity share having face value of INR 1 (Indian Rupee One) each [except for Resulting Company 2 having face value of INR 10 (Indian Rupees Ten) each] for every 1 (one) fully paid-up equity share of INR 1 (Indian Rupee One) each of the Demerged Company.
