## **Sesa Goa Limited**

### **Ranked Among the Top Companies in Carbon Disclosure Leadership Index in India**

**16 November 2011**

**Goa, 16 November, 2011:** Vedanta Group Company Sesa Goa has been ranked among the top companies in Carbon Disclosure Leadership Index in India by The Carbon Disclosure Project (CDP), a UK-based independent not-for-profit organisation, that looks at accelerating solutions to climate change and water management by putting relevant information at the heart of business, policy and investment decision.

Sesa Goa is a part of the top companies in Carbon Disclosure Leadership Index in the CDP India 200 Report 2011 released by the Carbon Disclosure Project. The report has been presented by Carbon Disclosure Project, CII-ITC Centre of Excellence for Sustainable Development, WWF, Ernst & Young and British High Commission.

**Mr. PK Mukherjee, Managing Director of Sesa Goa, said:** *"We believe in sustainable development in all aspects of what we do and have over the years created value for all stakeholders through responsible stewardship. We are totally committed to judicious use of natural resources while minimising our impact on people and the environment. It is a matter of great pride for the company to be listed among the top companies in Carbon Disclosure in this report."*

The report said "The quality and completeness of the disclosure of the companies in the CDLI shows that there is an increasing level of interest in climate change by the executive management and it is expected that there will soon be a visible percolation to businesses in the supply chain of these organisations."

"Leading companies have a strong sense of the potential impacts of climate change on their bottom-line performance. They have set aside regulatory uncertainty, and instead have taken their cues from the market. Rather than standing on the sidelines waiting for clarity, they are seizing the opportunity to serve their markets and to create long-term competitive value," the report added.

### **About Sesa**

Sesa is India's largest producer and exporter of iron ore in the private sector. The company is a majority owned and controlled subsidiary of Vedanta Resources plc, the London listed FTSE 100 diversified metals and mining major. For more than five decades, Sesa has been involved in iron ore exploration, mining, beneficiation and exports. Sesa has iron ore mining operations in Goa and Karnataka. It has recently acquired 51% stake in Western Cluster Limited, a Liberia based company engaged in developing the Western Cluster Iron Ore Deposits into a large integrated Iron Ore Project. Sesa is also into manufacturing pig iron and metallurgical coke, with a 0.28 mtpa metallurgical coke plant and a 0.25 mtpa pig iron plant in Goa.

### **Disclaimer**

This press release contains "forward-looking statements" – that is, statements related to future, not past, events and may be interpreted as 'forward looking statements' within the meaning of applicable laws and regulations. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. Actual results might differ substantially or materially from those expressed or implied. Important developments that could affect the company's operations include a downtrend in the steel, pig iron & met coke industry – global or domestic or both, significant changes in political, economic, business, competitive or regulatory environment in India or key markets abroad and from numerous other matters of national, regional & global scale including but not limited to natural calamity, tax laws, litigations, Government policies & regulations, fluctuations in interest and or exchange rates of Indian Rupee, etc. Any forward-looking information in this press release has been prepared on the basis of a number of assumptions, which may prove to be incorrect. This press release should not be relied upon as a recommendation or forecast by Sesa Goa Ltd. The views expressed herein may contain information derived from publicly available sources that have not been independently verified; no representation or warranty is made as to the accuracy, completeness or reliability of this information. We do not undertake to update our forward-looking statements.
